Year 4 Spring 2

Your child's topic is:

Habitats

Open up to find out more...

Your child will be learning ...

- how to sort and classify animals
- what a habitat is
- how environments can change over time
- what a food chain is
- the difference between vertebrates and invertebrates
- different creation beliefs (RE)

As part of this topic we will be...

- making a bird from clay (Art)
- making regular observations of nature in the school environment to identify change over time
- visiting Watermead Park wetland habitat
- reading James and the Giant Peach

How you can help at home...

Help your child learn the **meaning** and **spelling** of the words they bring home. The following **free** websites will help:

<https://spellingframe.co.uk/>

<https://www.spellingcity.com/>

Help your child to learn the information on the knowledge organiser that they've brought home.

Select one thing at a time to master!

Listen to your child read their reading book, or find some time to let them tell you about what they've read.

Help your child learn the times table they are on, and test them when they are ready – little and often!

Your child will also be bringing home a sheet of key maths facts that we'd like them to learn.
