Year 3 Spring Term (2)

Your child's topic is:

Flow

Open up to find out more...

Your child will be learning:

From humble beginnings, the river flows down the mountain and into the sea. This term we shall be using our Geography skills to discover more about rivers. We will look in the U.K and then uses maps to travel across the world to locate famous rivers. A trip to a local waterway will help us to identify and name key features of a river. We shall also be considering land use around rivers and the positive and negative impact of this.

In English we will be taking a trip to our local library so the children can be exposed to a wide range of story books. We will then build on this by writing our own stories.

As part of RHE, to warn people of the dangers of water, the children will also be creating posters aimed at keeping safe.

R.E, will provide the opportunity to develop our understanding of the practices and beliefs of Sikhs. We will hopefully get to attend our own Langar meal together, which will involve us preparing food and a seasonal desert that we then eat.

Let's meander through the world of rivers, taking a dip into their watery world.

As part of this topic we will be:

Reading 'The Rhythm of the Rain' by Graham Baker- Smith

- Making a water wheel (D&T).
- Visiting our local library (English).
- Visiting a local waterway(Geography)..
- Preparing a seasonal fruit salad to eat during a simulated Langar meal.

How you can help at home...

Talk with your child about what they have been learning at school.

Find some quiet time every day to listen to them read and talk with them about their book.

Help your child to learn their times tables up to 12x12 by heart. Regular practice on the TT Rockstars website will also help.

<https://trockstars.com/>

Help your child learn the **meaning** and **spelling** of the words they bring home.

The following **free** websites will help:

<https://spellingframe.co.uk/>

<https://www.spellingcity.com/>
